

THE SCHOOL OF BUSINESS
MASTER OF BUSINESS ADMINISTRATION

Goals of Graduate Business Education

MRU is committed to providing a high-quality graduate education to all students without regard to race or color, sex, sexual orientation, veteran status, religion, age, disability, national origin, creed, ancestry, or political affiliation. The goals of graduate education are to:

1. Provide effective educational experiences leading to marketable graduates in their area of expertise.
2. Maintain a unique environment conducive to developing leading thinkers.
3. Develop excellence in leadership, scholarship and practice.
4. Promote the acquisition of competencies that lead to the development of leaders in their field.
5. Provide opportunities for professional growth and development.
6. Develop skills that allow the graduates to conduct research, integrating theory and practice in an intraprofessional environment.

Program Description

16 Months – 36 semester credits (Full-Time Option)

The Master of Business Administration (MBA) is designed to strengthen students for positions of leadership, develop life-long career management skills and develop the financial competency required to make effective business decisions. Graduates possess the skills and knowledge to be confident and successful business leaders who are sought out for their integrity, decision-making skills and ability to work effectively with others. It is an intensive graduate degree program designed to instruct students in the theories and practices of the modern, fast-paced business world. The MBA program aims to improve the understanding and knowledge of what drives a business through core concepts in accounting, economics, finance, marketing, management, operations, and strategy.

End of Program Student Learning Outcomes

At completion of the program, the graduate will possess the knowledge and skill to:

1. Integrate managerial competencies, which are essential for effective leadership by applying business strategies, international business concepts, marketing tools, and critical analysis to manage and solve situations in unpredictable environments.
2. Demonstrate leadership and team membership skills needed for implementing and coordinating organizational activities and managing change
3. Summarize and discuss the ethical and legal responsibilities of organizations & demonstrate an awareness of ethical consideration in business practices as well as the importance of social responsibility in the decision-making process.
4. Provide the tools and practical experiences such as effective written and oral communications skills.

5. Enhance student's understanding of and sensitivity to cultural differences in a changing global environment as they impact management effectiveness.
6. To identify an organization's financial position through financial statement analysis and/or forecasting & apply selected methods of quantitative and qualitative analysis to enhance effective business decisions.
7. Employ appropriate analytical models and apply critical reasoning process to evaluate evidence and generate creative solutions.

Admission Requirements

In addition to the general admission requirements and procedures, applicants wishing consideration for admission to the Master of Business Administration program must:

1. Complete the Program Application
2. Conferred bachelor's degree from an accredited institution
3. Proof of Graduation: College transcript of coursework from Bachelor's Degree from an institution accredited by agencies recognized by the United States Department of Education
